ALL COMMERCIAL CONTRACTORS

SUBJECT: HANDICAP ACCESSIBILITY

The Allen County Building Department has encountered problems with Handicap Accessibility in new construction and remodels.

It is imperative that the requirements of Chapter 11 of the Indiana Building Code and ICC/Ansi A117.1-2009 be adhered to when completing the project.

All elements of these requirements, interior and exterior, i.e. doors, restrooms, access to public way, parking lot markings, signage and slope, sidewalk slope, etc. that apply to your project are required to be completed prior to receiving your final inspection.

By your signature below you acknowledge receipt of this notification. A copy of this signed notification will be placed in the job packet of your project.
