### Road Closings

Location:	Purpose:	Begin Date:	End Date:	Contractor
<p>New Amazon Facility on Washington Center Rd/Flaugh Rd/US 30:</p> <p>Kroemer Road and O'Day Road between Washington Center Road and US 30 are being used as a detour route while Washington Center Road and Flaugh Road are closed. Our preference was to have traffic go North to US 33 from O'Day Road, but INDOT currently has US 33 restricted for a bridge replacement project preventing us from using that route. The Washington Center Road closure for Amazon's work will most likely to be opened next week, but NIPSCO will be re-closing the same sections for their gas main installation for Amazon. Kroemer Road will also be closed for a time in late November – early December due to the NIPSCO work. The City of Fort Wayne has jurisdiction of these closures and Kyle Winling and Brad Fisher have been working closely with us on the best options for all involved.</p>
