ANTICIPATED OPERATING BALANCE AS OF THE
NOVEMBER 2011 GENERAL MEETING $3,444.86

Respectfully Submitted,

Mrs. Good Worker, Secretary/Treasurer

May have trouble justifying that some of these expenses are related to the HOA for exempt income purposes. They could be used to offset interest or facility rental income.

If we have a balance remaining, are we earning interest on this? If so, it should be included in the Anticipated Income area and taxes have to be paid on it, unless there are enough non-HOA related expenses to offset this income.
