

ALLEN COUNTY CODE TITLE 1 GENERAL PROVISIONS

ARTICLE 19 OFFICE OF INFORMATION TECHNOLOGY

1-19-1 Chapter 1: Office of Information Technology

There is hereby established a department to be known as “The Allen County Office of Information Technology”.

1-19-2 Chapter 2: Purpose

The Office of Information Technology shall be established for the purpose of coordinating the technology projects of the departments and offices that serve Allen County.

1-19-3 Chapter 3: Responsibility

The Office of Information Technology will be responsible for all technology projects that provide the following: improve the level of service to residents of Allen County, ensure compliance with state and federal technology programs and improve the technological infrastructure of County systems.

1-19-4 Chapter 4: Responsibility of Other Departments

This Ordinance will not relieve any County department of the moral responsibilities or authority given to it by local ordinance or State statute as it relates to information technology.

1-19-5 Position Requirement

Director as established under this Ordinance will be charged with the responsibility of executing the duties defined in this ordinance and report directly to the Board of Commissioners.
